Omnes Corinthios Christi Respublica unam
Corinthios ad seipsum tollens ad seipsum conantes
Fecerit in unum quod unum corpus in unum
2. Corinthios dominos in unum pariter pariter
Corinthios dicere pariter dicere pariter
Et nos Corinthios laus laudabimus omnes
Illa vestimenta sicut Rex impius est
Nominis, hoc nostrum gentis lux occidit omnia
Illa vestimenta sicut Rex impius est

O C tam letifico die, &
beato

Si det nil Dominis suis
Venosta;

Quem ridens aliquis vo-
cat Venustum,

Is planè fuerit rus inuenustum.

Ergo dat quod habet, suosq; secum;

Illis uersiculos sacrat: daretq;

Si posset melius: rogatq; supplex,

Simplex, ingenuum, piumq; munus

In partem accipiant bonam benigni:

Verbis splendor abest, abest uenustas;

Non rebus tamen utilis uoluptas.

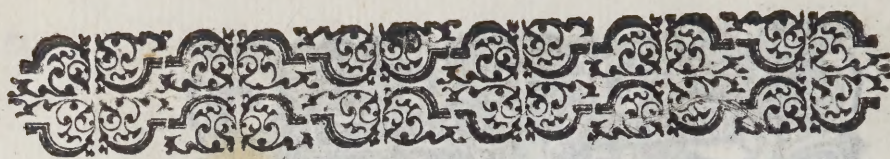

Illud si bene cedat; o Venostam

Tum verè magis, ac magis uenustum.

O Lucem hanc magis, ac magis, beatam.

*In Natiuitate Domini Nostri IESV
CHRISTI.*

*Aluatorem hodie regia par-
turit*

*Virgo sic superum gloria
Principi;*

*Terris pax, bona Spes, al-
maq; Faustitas*

Humano generi affluit.

Partum Coelicola concelebrant nouum.

Pastores properant per iuga montium,

Vt natum uideant: in tuguri uident

Stratum culmine pauperis.

Infantem egregium nos quoq; lacteis

Pendentem uberibus matris adibimus:

Spargentemq; manu munera Laudibus

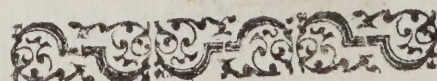

Tollemus meritis pii.

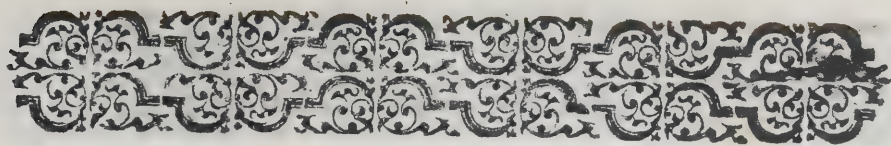

Te nos carminibus, te precibus puer,

Te uotis Dominum leti adhibebimus

Nostris: teq; Deum semper habebimus.

Tu nos usq; tuebere.

In Die S. Stephani.

*Insigni iuuenem robore spiri
tus*

*Munitum; fideiq; , & sa
pientia*

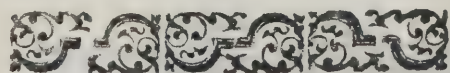

*Fultum praesidiis dicimus:
hunc boni*

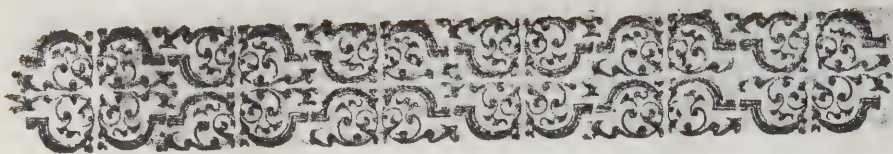

Omnes tollite laudibus.

*Nam uultu angelico dum Stephanus Patris
Præcepta Aetherei, priscaq; apertius
Vatum oracula docet; turba furens rapit;
Et saxis petit obruens.*

*Hic autem placidus cum Patre Filium
Coeli suspiciens uertice brachia
Tendentem ueniam poscit, & hostibus
Ignoscit moriens feris.*

*Hinc Christum sequitur signa ferens Ducem:
Et martyr superum concilio additur.
Illuc, unde potens uota precantium
Latos ducit ad exitus.*

In die S. Iohannis Euangelista.

*Agni consilii magnus adest
Dei*

*Interpres, Domini qui ac-
cubuit sinu:*

*Atq; arcana sacris e pe-
netralibus*

Hausit pectoris intimi.

Inde Euangelium scripsit, & altius

Verbum profiliens a Patre Virginis

Conceptum edocuit corpore; & extulit

Fulgentem in tenebris facem.

Vni huic praeipue Christus Apostolo

Matrem (tanta fuit discipuli fides,

Iesu tantus amor) iam moriens trabe,

Commendauit ab horrida.

Ergo tam celebrem non patimur sine

Solenni, & propria laude silentio

Inuoluisse diem; quin studiis inuat

Commen dasse fidelibus.

Dino Syluestro.

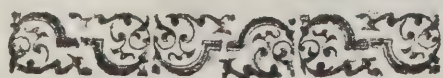

*Alue Sancte Pater, maxime
Pontifex
Sylvester: placido lumine re
spicè,
Huius qui memores lucis
amabile*

Carmen concinimus tibi.

*Huc Tu dexter adi: Te venerabilem,
Te Sāctum canimus, Te colimus Patrē:
Cultum agnosce tui nominis; ac lubens
Audi quas ferimus preces.*

*Uno si geminam Caesaris eximis
Labem fonte: malam qui scabiem simul,
Erroremq; Deum demis, & omnibus
Expurgans uitiis lauas.*

*Quæ sanare animas, ægraq; corpora
In terris potuit; fac eadem manus
De cæli inopes adiuuet; ac crucis
Signo deo ueniam reis.*

Diu Iustina

*Uc Iustina decus nobile vir-
ginum*

*Adsis: Martyrium dum po-
pulus tuum*

*Gratis prosequitur latus ho-
noribus:*

Et festum celebrat diem .

Nos te concinimus numina gentium,

Confictosq; Ioues, quae bene respuens,

Iram Maximiani, rabiem, impetum

Fortis scemina luseris.

Qua fluxas eadem delicias, opes,

Mundum plena pio Numine despicans

Carum pertuleris cor tibi perfodi,

Quod uero obtuleras Deo.

Intentans tenerae funera Virgini

Horrendi trepidans dextra satellitis

Nunquam fictitios ut coleret Deos,

Ullis obtinuit minis.

Summo uera Patri gloria, Filio,

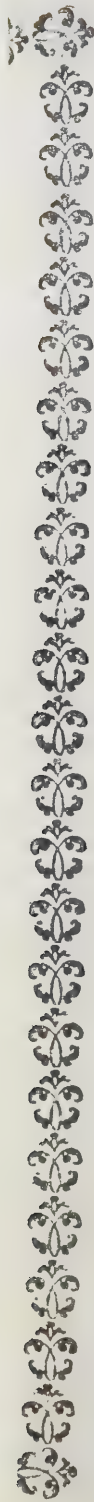

Sancto & Spiritui; nunc, & in omnia

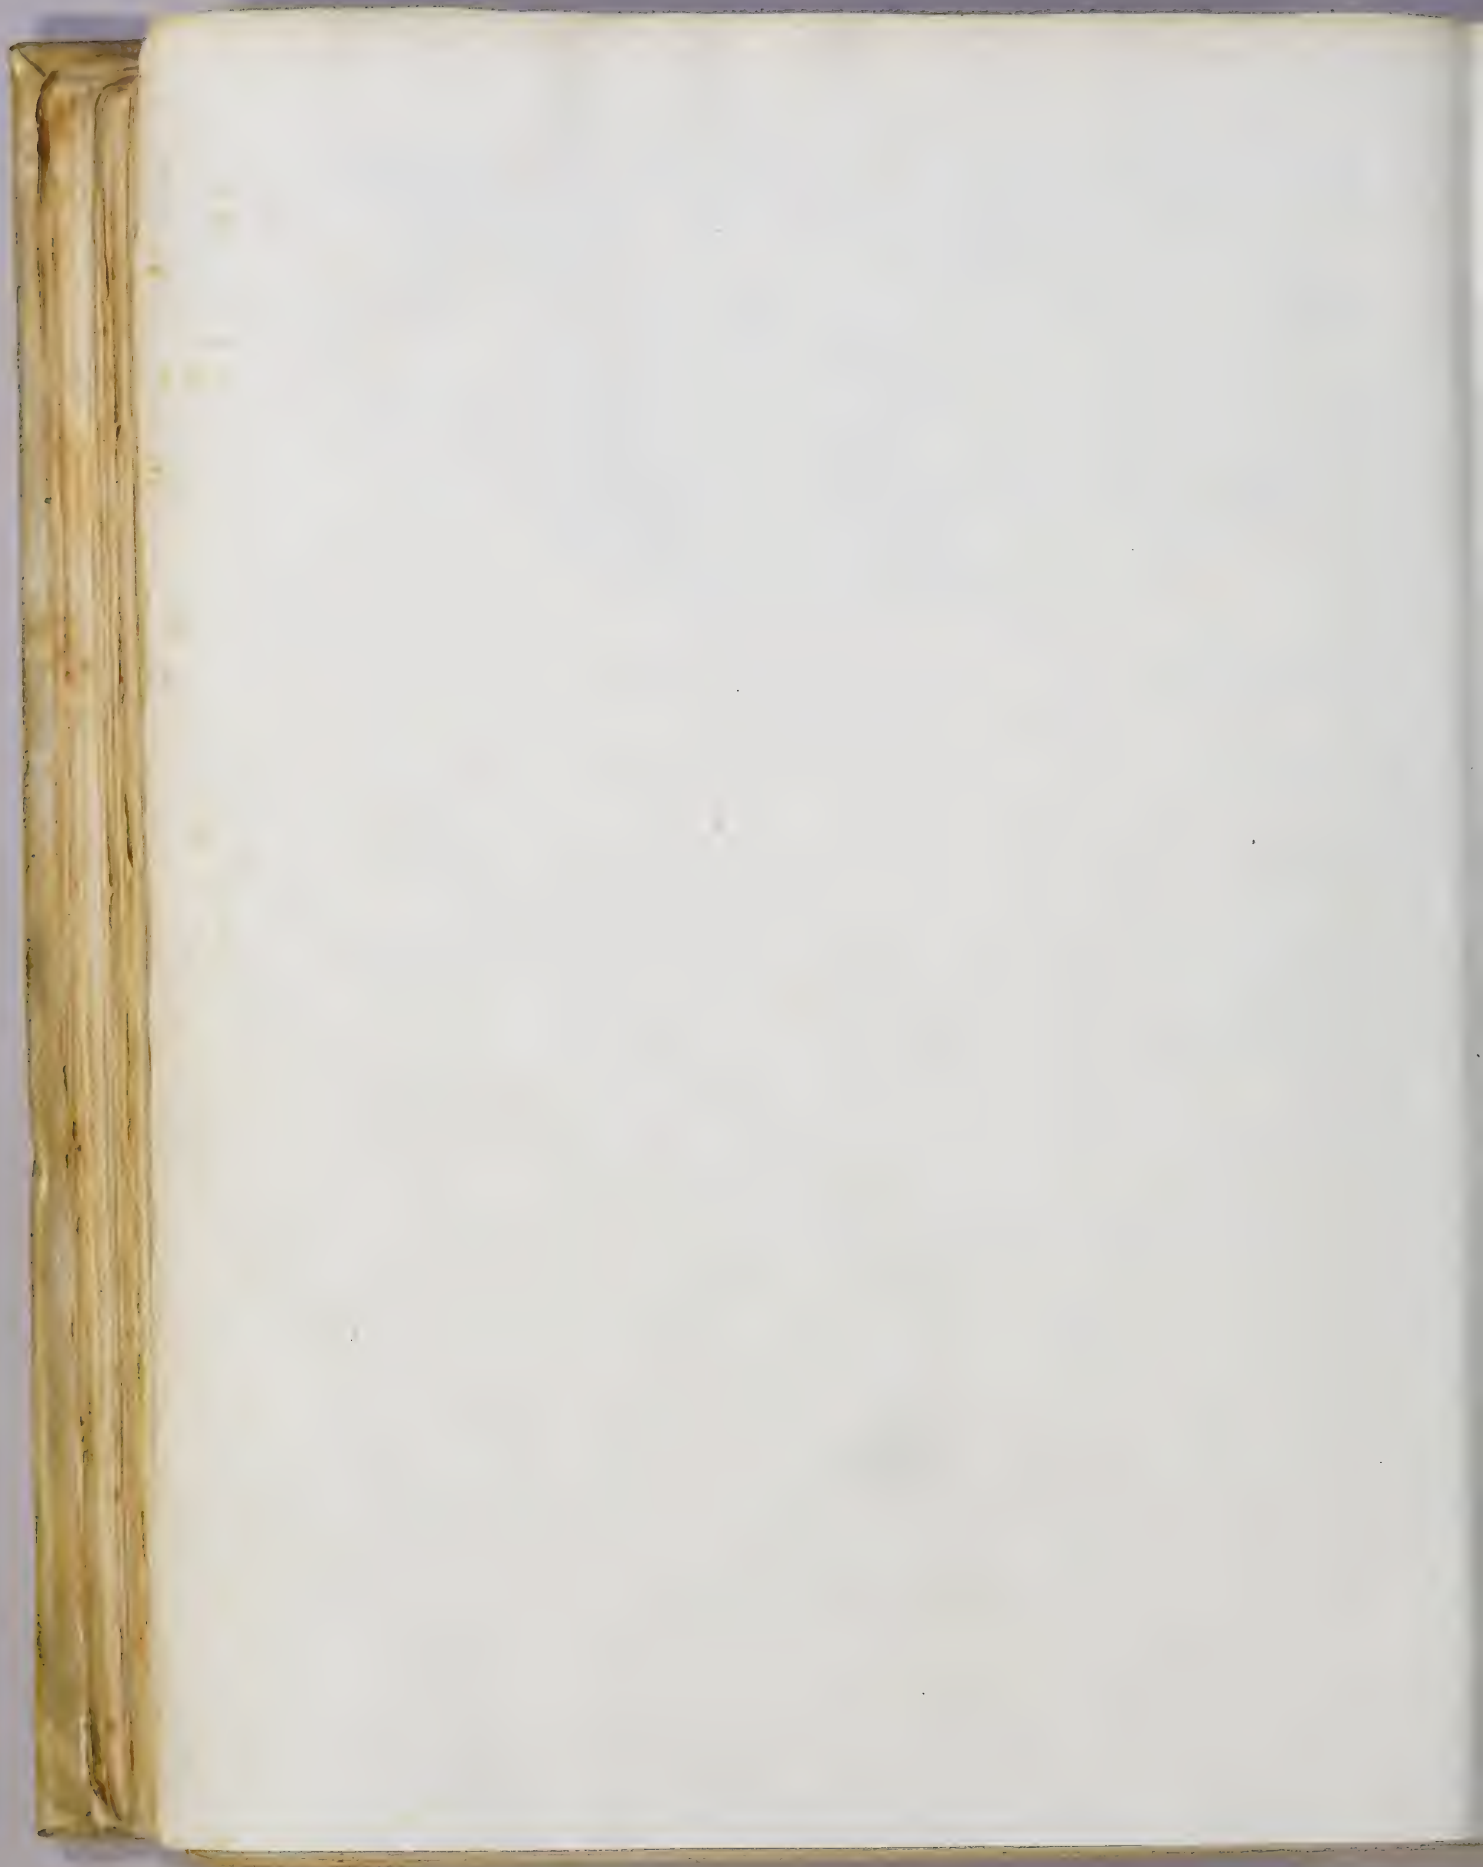

Ter Sanctae Triadi saecula sit Deo.

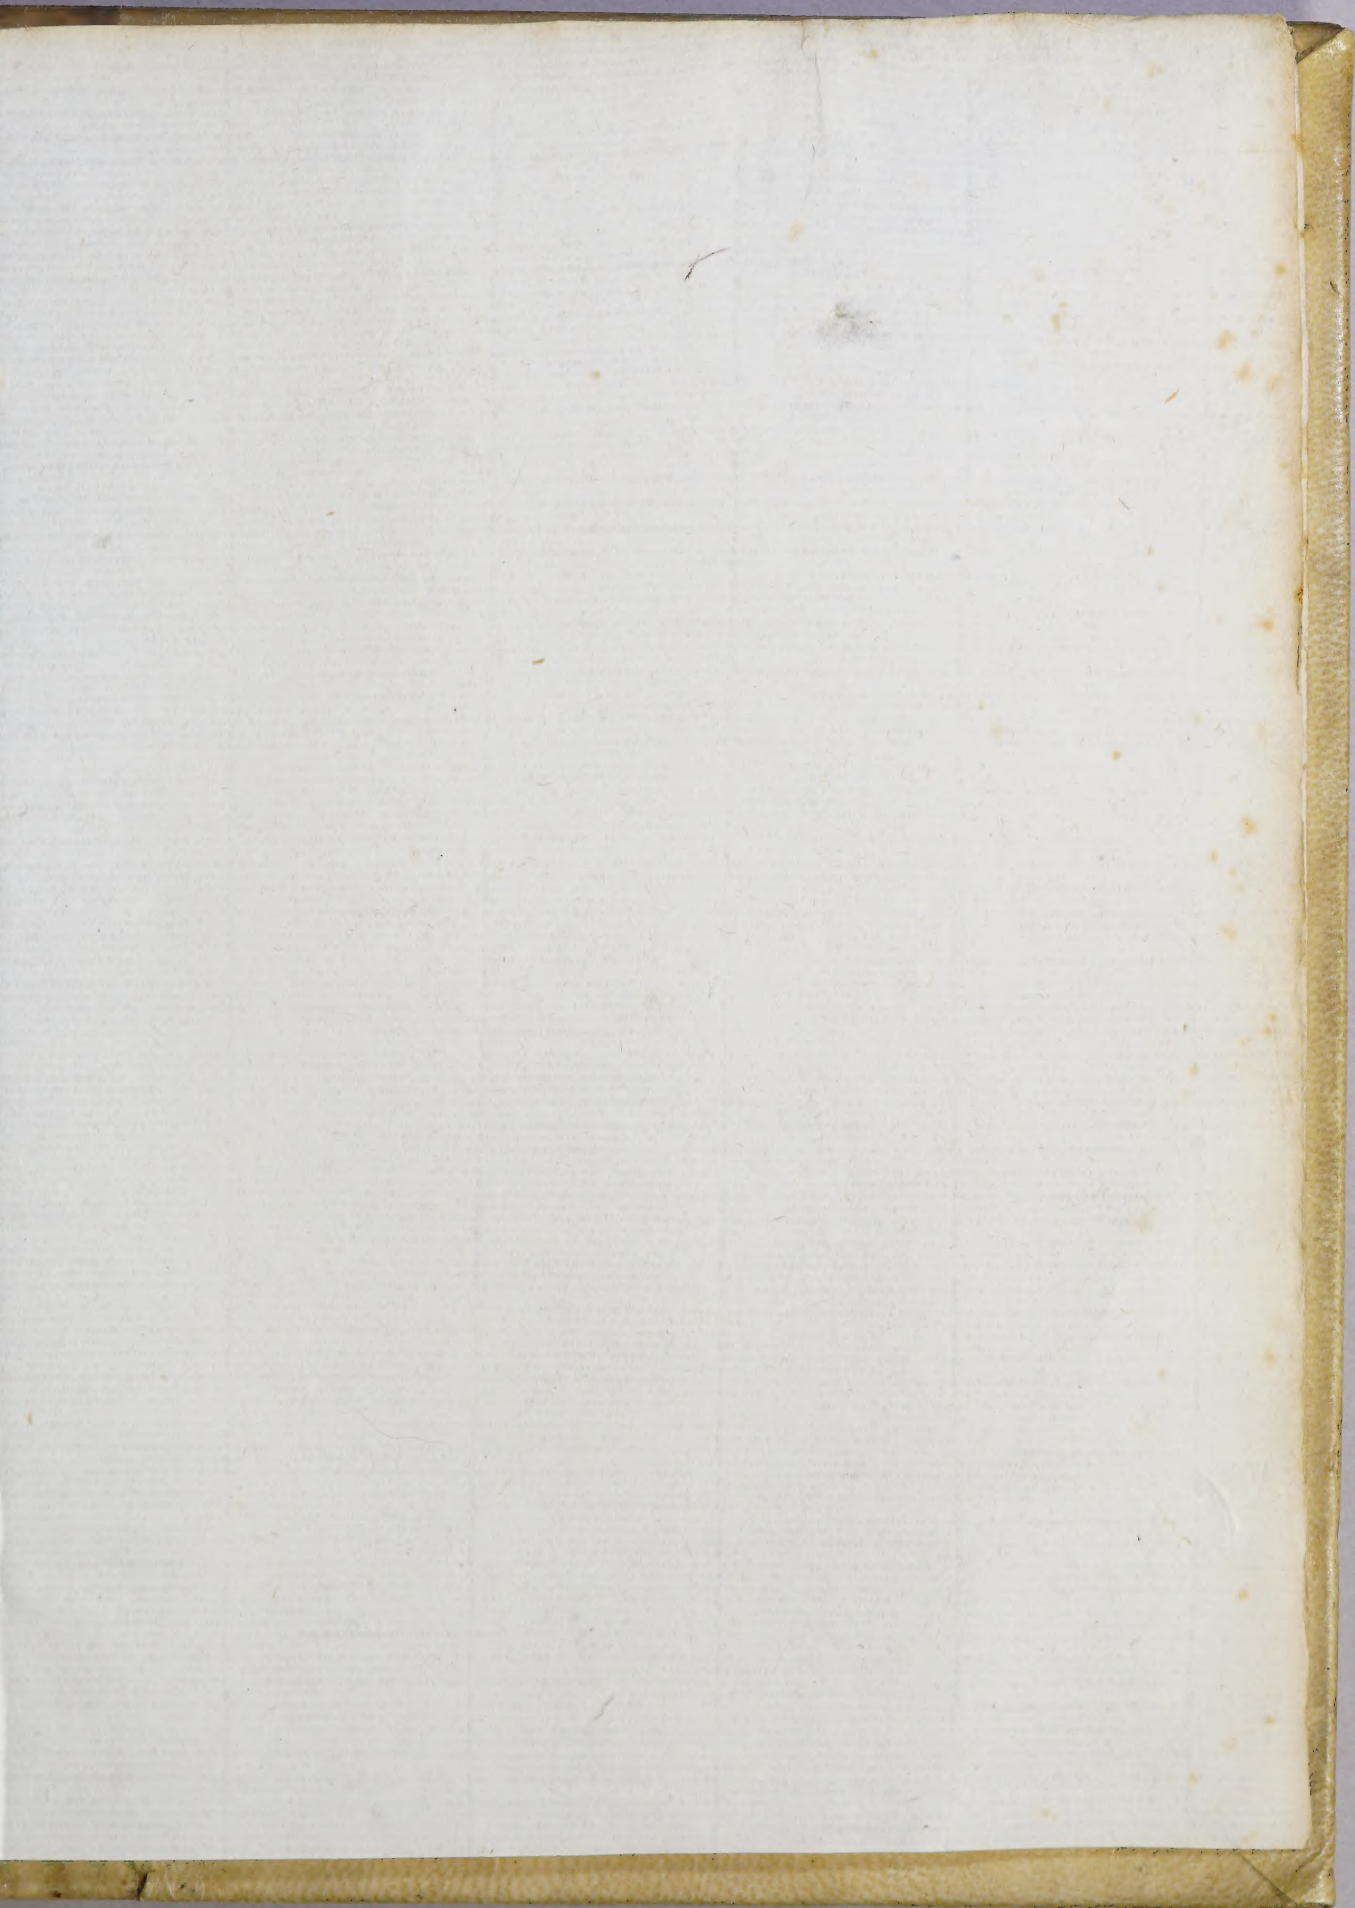

Qualis principio fuit

Amen.

Cum Superiorum Licentia.
